14-DAY SPRING CLEANSE

GET-BACK-INTO-BALANCE Easy Dosha Quiz

In the tradition of Ayurveda, the right balance starts with understanding your specific constitution or dosha. By taking this simple Get-Back-Into-Balance Dosha Quiz, you'll begin to understand what foods to eat to achieve the lifestyle that supports your health and wellbeing.

Base your answers on how you have most recently been feeling. Sometimes it helps to have a friend as you answer the questions or even fill in the chart for you, as they may be more impartial. You may skip any question that does not apply and if two of the answers apply, pick both. Add up the number of marks under vata, pitta and kapha to find out what your predominant dosha. Most people have a dominant and secondary dosha and sometimes all three turn out to be equal.

In our introductory call, we will discuss what each dosha means and how to balance out your vata, pitta and kapha for this season.
